# Honorary Degree Recipients

**Raymond Lemieux** was the first recipient of the Canada Gold Medal for Science and Engineering from the Natural Sciences and Engineering Research Council.

Dr Lemieux, currently Professor Emeritus of Chemistry at the University of Alberta, won international attention in 1953 when he achieved the first total synthesis of sucrose. He is credited with transforming the field of carbohydrate chemistry into a rigorous and productive science, and has contributed fundamental advances to organic chemistry and the related fields of medicine, biology, and theoretical and physical chemistry. His work opened key doors to the understanding of the human immune system. Dr Lemieux's research in breaking down and synthesizing blood types has led to the commercial manufacture of products to control organ transplant rejection. The techniques that Dr Lemieux pioneered may also have applications for the treatment of cancer and AIDS.

Dr Lemieux is an alumnus of the University and received his PhD from McGill University. In 1961 he joined the University's Department of Chemistry. He was named Professor Emeritus in 1985. Dr Lemieux was instrumental in founding three biotechnology companies and helped start Western Canada's growing biotechnology industry. The recipient of many honorary degrees and awards, Dr Lemieux travelled to Saudi Arabia last year to accept the King Faisal International Prize in Science, the first Canadian to receive this award.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Dr Raymond Lemieux:

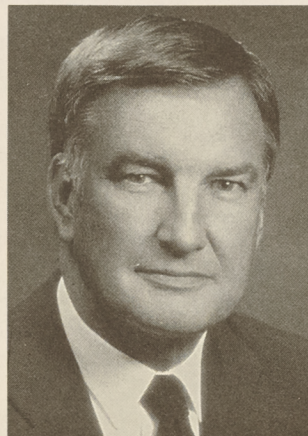

La Duquesa de Berwick y de Alba's *Autografos de Christobal Colon y Papales de America*. Madrid: privately published by the Author, 1892. This is a rare and magnificently produced study of early primary sources on the career of Christopher Columbus with emphasis on his letters, patents issued to him and other documents. The numerous facsimiles are excellent. This volume is an important addition to the Peel Library's holdings on early travels and explorations.

**Ronald Southern** is Chairman, President, and CEO of ATCO Ltd, and Chairman of Canadian Utilities Ltd.

Mr Southern is credited with transforming ATCO into a worldwide organization of energy and resource-related companies. His holding company is also involved in the management and operation of North America's new North Warning System. With his wife, Margaret, Mr Southern co-chairs Spruce Meadows, the show-jumping venue ranked third in the world, where they host the world's largest equestrian event, the Master's Horse Show.

A graduate of the University, Mr Southern is a director of several corporations including Fletcher Challenge Ltd of New Zealand and Canada, Canadian Pacific Ltd, Hughes Aircraft of Canada Ltd, Lafarge Corporation, Xerox Canada Inc, and PWA Corporation. In 1990, Mr Southern was appointed a Member of the Order of the British Empire in the Queen's New Year Honors List and received the International Distinguished Entrepreneur Award from the University of Manitoba's Faculty of Management. He is a Member of the Order of Canada (1986). His many other awards include the Holland Trade Award from the Netherlands (1985), University of Alberta Businessman of the Year (1986), and the Canadian Tourism Medallion (1983).

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Ronald Southern:

FH Huth's *Works on Horses and Equitation. A Bibliographical Record of Hippology*. London: B Quaritch, 1887. This late Victorian work is the greatest contribution to the history and literature of the horse up to its time. It is arranged chronologically and contains an index of authors and subjects. It is a rare and valuable source for the study of this special animal.

# Graduates

*The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to both deletions and additions, as may be necessary. Degrees appear in order according to the level of the degree and the founding date of the Faculties.*

# Honorary Degree Recipients

**Her Honor Marjorie Bowker** is a former Alberta judge and author of the independent analysis of the Canada-US Free Trade Agreement *On Guard for Thee*.

Her Honor Marjorie Bowker was appointed judge of the Family and Juvenile Courts of Alberta in 1966 and held the position for 17 years. She was the initiator of the Family Court Conciliation Services, a Court centre on counselling for separating and divorcing couples. This Court was the first of its kind in Canada and was adopted by Courts elsewhere across the country, as well as by the Family Courts in Australia.

Her Honor's book on free trade received international attention and provided a basis on which the public could formulate their own opinions on this issue. She has been invited to address numerous conferences throughout the world (Korea, West Germany, Los Angeles) on subjects such as child abuse, family law, and the survival of the family.

A Prince Edward Island native, Her Honor was educated in Alberta and is an alumna of the University. She has been awarded many honors including an honorary doctorate from the EWHU Women's University in Seoul, Korea, 1989, Woman of the Year Award from the Business and Professional Women's Club of Edmonton, YWCA's Tribute to Women Award, 1989, and the Distinguished Canadian Award from the Council of Canadians.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Her Honor Marjorie Bowker:

Charlotte Smith's (1749-1806) *Rural Walks: in Dialogues intended for the use of young persons....* London: for T Cadell Jun and W Davies, 1795. Two volumes, with original paper spine labels. This is the only copy in North America of an extremely scarce first edition. It is a moral guide for young readers by an increasingly appreciated English novelist and professional writer. Smith lived in a debtor's prison with her husband at one point, and published her works at her own expense.

**Ruth Carse** founded the Alberta Ballet in 1966 and served as its artistic director until 1975.

A native Edmontonian, Miss Carse studied ballet in Toronto before enrolling at the American School of Ballet in New York. She returned to Canada in 1951 to audition for the newly formed Canadian School of Ballet and was accepted, leaving three months later because of artistic differences. Miss Carse then studied dance at several schools including the Royal Academy of Dancing in England and at the School for Advanced Studies in Dance in Vienna, Stuttgart, Brussels, and Budapest.

Miss Carse was also the founder and artistic director of Dance Interlude, the Edmonton Ballet Company and the Alberta Ballet School. She has danced with a number of professional companies including the Radio City Music Hall Ballet in New York City, Toronto Symphony Promenades, Canadian Opera Performances, and the First National Ballet Company of Toronto. She has also taught at several ballet schools in Edmonton, Banff, and Toronto.

Miss Carse has been honored by a variety of organizations for her contributions to ballet and dance, receiving the Queen's Jubilee Medal, YWCA Tribute to Women Award, Sir Frederick Haultain Prize, and the Canada Dance Award.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Ruth Carse:

Andre Levinson's *La Danse d'Aujourd'hui. Etudes – Notes – Portraits*. Paris: Duchartre & Buggenhoudt, 1929. This volume is a major source book for dance in the 1920's, in all its forms, from classical to jazz. Included are the influence of African and Asian traditions on Western dance, and such dancers as Nijinsky, Pavlova, Loie Fuller and Josephine Baker. Among the 400 photos are 10 by Man Ray.

## Greetings to the Graduates

As we go through life, our progress is marked by special moments when we turn corners, and new horizons open out before us. This convocation of scholars celebrates the happy observance of such an important turning point in your lives.

The ceremony is steeped in customs that have been passed down to us over the centuries. It is sedate, colorful, traditional, and meaningful. We hope you will enjoy the experience, and will participate in the goodwill that permeates a day to be remembered.

By conferring its degrees, the University confirms that you have successfully fulfilled a rigorous course of study and have earned the right to enter into the collegiality of educated women and men. Be proud of what you have done, and be grateful for what the University has done for you.

Understand that the University of Alberta is not just the campus which you know so well. It is everything that our graduates of yesterday, today, and tomorrow accomplish to make our world a better place to live in. Today you join a worldwide community of alumni, a hundred thousand strong, whose support and interest is vital to the enhancement of the quality and the value of the degrees which you receive today. Keep in touch, and never forget the University that nurtured the mind you use every day. You entered to grow in wisdom. You leave the better to serve your community and yourselves.

Welcome and Congratulations.

Sandy Mactaggart  
Chancellor

Paul Davenport  
President and Vice-Chancellor

## Congratulations from the Faculty and Staff

Universities began as small collections of scholars who worked together to preserve and advance knowledge. Students came to study with them and, in due course, an administrative structure arose to provide system and recognition for those studies. This ancient structure is preserved at the University of Alberta, with the faculty and the students providing the core of the University's purpose: teaching and the advancement of knowledge. The faculty's task is facilitated by their colleagues in the academic staff, the Faculty Service Officers, the Administrative Professional Officers and the Librarians, and the University's dedicated support staff.

The faculty, numbering some 1,600, is responsible for creating programs of study, for teaching, and for evaluating the learning of the student body, both undergraduate and graduate. In addition, faculty members are responsible for the scholarly reputation of the University by preserving and sharing knowledge and by pursuing new ideas and knowledge through their research.

The faculty and staff congratulate you, the graduates, on the successful completion of your present studies which is recognized by the degrees to which you are admitted today. Your achievement deserves praise. We hope your present knowledge provides a sound base for an education which will continue throughout a rewarding life. We would remind you of the advice given to graduands by Honorary Degree Recipient Dr Tommy Banks: "Try to be a good person. You will be amazed how rewarding it is."

## Doctorate Degrees

Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctor's hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on the gown's sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the right.

## Honorary Doctorates

Honorary Doctors of Laws, Letters, and Science wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk. Caps are black velvet with a gold tassel.

# University of Alberta Alumni Association

## An Invitation to the Graduates

The University of Alberta Alumni Association welcomes you to the University's world-wide alumni family and invites you to participate in the Association's programs and services.

The Alumni Association was formed in 1915 to promote the interests of the University and its graduates. The Association has an office located in Athabasca Hall on campus, and branches exist in many Canadian centres and in a variety of locations abroad. In addition, constituent associations promote the special interests of graduates in a number of professions.

The Alumni branches around the globe provide welcome social and career contacts to the graduate moving to a new area, and new branches are being formed all the time. If there is a branch in the city where you will be establishing roots, be sure to contact the representative listed below. If there is not, contact the Office of Alumni Affairs to see if there are plans for one. You might like to help get it started.

For further information about the Alumni Association, contact the Office of Alumni Affairs. The Association welcomes your participation and encourages you to take advantage of the many benefits available to alumni.

# University Mace

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 - 1970. It was presented by his son, Michael Galbraith, on behalf of his father on May 26, 1970.

Among its elements: the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Coat of Arms. The University motto "Quaecumque Vera" ("Whatsoever Things Are True" Phil 4:8) encircles the staff. The Mace is made of sterling silver which was rhodium plated after the insertion of the various enamelled shields which make up its elements. A special electro-plate process was used to apply 24 carat gold to other parts of the Mace.

It was intended that the Mace should be modern in appearance but with medieval origins. The preponderance of visual weight at the top of the staff and the rather complex section through the metalwork at this point are reminiscent of the use of the mace as a weapon, defensive or aggressive.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents power – but the power of knowledge and the importance of the University in the community.

## University Ceremonial Chairs

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded leather back is carved the University motto "Quaecumque Vera" together with the class year, 1922, and the University coat-of-arms.

In 1987, the family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of an oak stand for the University of Alberta Mace and two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.
